Bill NO. R-64-04-11

RESOLUTION NO. R-4-64

A RESOLUTION concerning changing the name of the Junk Ditch to the Junk Spillway.

WHEREAS, the City of Fort Wayne, often designated as the Summit City does bestride the lowest and narrowest "saddle-area" in this immediate section of the Grand Divide which separates the noble St. Lawrence Rivery Valley from that of the Mississippi, the Father of Waters, and

WHEREAS, the Junk Ditch marks graphically for all to witness that it constitutes, in fact, nature's Spillway for the natural discharge of flood waters from the generally higher levels of the Northeast into the generally lower levels of the Southwest, and

WHEREAS, IT IS A MATTER OF COMMON CONCERN THAT THIS NATURAL Spillway be preserved and protected for the safety and economy of Fort Wayne and all its inhabitants, and

WHEREAS, the very precise term, "Spillway" properly and accurately describes and explains the important function this territorial configuration signifies for the geophysical area it occupies for the information and benefit of many citizens who might otherwise remain unaware of the intrinsic values inhering in this topographical feature,

THEREFORE BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

SECTION 1. The Common Council recommends to the Board of Commissioners of the County of Allen that the name of the Junk Ditch be changed to Junk Spillway. The City Clerk is directed to send a copy of this resolution to said Board.

SECTION 2. If the Board of Commissioners concurs, the Board of Public Works is hereby authorized to change the name of so much of the Junk Ditch as lies within the jurisdiction of the City to Junk Spillway by resolution.

(IND. R-51 ADOPTED October 19, 1964)

WHEREAS, the Fort Wayne Redevelopment Commission has made investigations, studies and surveys of various blighted, deteriorated and deteriorating areas within the City of Fort Wayne, Indiana and of the causes contributing to the blighting and deterioration of such areas; and

WHEREAS, such investigations, studies and surveys have been made in cooperation with the various departments and bodies of said City and have been directed toward determining the proper use of land and improvements thereon so as to best serve the interests of the City and its inhabitants, both from the standpoint of human needs and economic values, and as a result of such investigations, studies and surveys the Commission has found that the area hereinafter described has become blighted, deteriorated and deteriorating to such an extent that such conditions cannot be corrected by regulatory processes or by the ordinary operations of private enterprise, without resort to the provisions of the Redevelopment of Cities and Towns Act of 1953 (Chapter 176 of the Acts of 1953 of the General Assembly of the State of Indiana, as Amended) and that the public health and welfare would be benefited by the acquisition and urban renewal of such area under the provisions of said Act; and

WHEREAS, the Commission now further finds that the area hereinafter described, because of the lack of development, cessation of growth, deterioration of improvements and character of occupancy, age and obsolescence, substandard character of the building and other factors which have impaired values and prevented a normal development of the land included in said area or the use thereof, has become under current conditions undesirable for or impossible of normal development and occupancy; and

WHEREAS, the Commission now further finds (a) that the hereinafter described area within said City has become and now is blighted, deteriorated and deteriorating to such an extent within the meaning of the Redevelopment of Cities and Towns Act of 1953 (Chapter 176 of the Acts of 1953 of the General Assembly of the State of Indiana, as Amended) that such conditions cannot be corrected by regulatory processes or by the ordinary operations of private enterprise without resort to the provisions of said Act; (b) the public health and welfare would be benefited by the acquisition and urban renewal of said area under the provisions of said Act; (c) said hereinafter described blighted, deteriorated and deteriorating area constitutes a menace to the social and the economic interests of the City of Fort Wayne and its inhabitants; (d) the acquisition and urban renewal of such area in accordance with plans outlined by the Commission will be of public utility and benefit to the City of Fort Wayne and its inhabitants; and

WHEREAS, the Commission has heretofore caused to be prepared maps and plats showing the boundaries of the hereinafter described blighted, deteriorated and deteriorating area, the location of the various parcels of property, streets, alleys and other features affecting the acquisition, clearance, replanning, rezoning or urban renewal of such area, indicating any parcels of property to be excluded from the acquisition and the portions of the area acquired which are to be devoted to streets, alleys, sewerage, playground and other public purposes under the urban renewal plan; also a list of the owners of the various parcels of property proposed to be acquired, all of which appropriately identified by numbers were filed on this date with the Commission; and

WHEREAS, the Commission has caused a separate appraisal to be made by three independent appraisers of the fair value of each of the parcels of property to be acquired, which appraisals were heretofore filed with the Commission, and the Commission now finds that the estimated cost of acquiring the property in the blighted, deteriorated and deteriorating area hereinafter described, determined by taking the average of the three appraisals, is Three Million Three Hundred Sixty-Three Thousand Three Hundred Sixty-Five Dollars (\$3,363,365.00).

NOW THEREFORE, BE IT RESOLVED by the Fort Wayne Redevelopment Commission that it hereby makes the findings of fact hereinbefore set forth and that the following described area in the City of Fort Wayne, Indiana is found and declared to be blighted, deteriorated and deteriorating within the meaning of the Redevelopment of Cities and Towns Act of 1953 (Chapter 176 of the Acts of 1953 of the General Assembly of the State of Indiana, as Amended) and which area is bounded and described as follows:

Bill No. R-65-02-09

RESOLUTION NO. R-17-65

A RESOLUTION concerning proposed amendments
to the annexation statute pending in the
General Assembly

BE IT ORDAINED BY THE COMMON COUNCIL OF THE CITY OF FORT WAYNE, INDIANA:

SECTION 1. The Common Council opposes enactment of the provisions of Senate Bill 200 amending the criteria for annexation by requiring a stipulated number of residents per acre, for the reason that it would severely limit the city's ability to annex territory needed for industrial and recreational purposes and thereby hamper planning for orderly and balanced growth.

SECTION 2. Industries should contribute to the schools and other basic needs of the communities in which the people upon whom the industries depend live. The General Assembly should seek the best way of accomplishing this. As long as it can be accomplished only by annexation or the threat on annexation, industries should not be exempt from annexation solely because people do not live in the plants.

SECTION 3. Modern zoning ordinances commonly prohibit people from living in the heavy industrial districts which are usually found on the fringes of cities. Such zoning would prohibit annexation under the amendment. This shows clearly the conflict between the amendment and orderly planning.

SECTION 4. The Common Council opposes enactment of the provisions of Senate Bill 620 which would change the remonstrance period from 30 days to 60 days. After the introduction of an annexation ordinance a study and recommendation by the city plan commission is required in addition to action by the Council Committee, the usual three readings in the Council, and approval by the Mayor. Therefore three months normally elapses between introduction of the ordinance and the time the remonstrance period begins, during all of which time the residents are on notice. Thirty days thereafter is adequate time for the formalities of remonstrance. Sixty days would merely prolong unduely and unnecessarily the time required for annexation.

SECTION 5. A copy of this resolution shall be submitted forthwith to the appropriate committees and members of the General Assembly.

Bill No. R-65-02-20

RESOLUTION NO. R-18-65

RESOLUTION IN MEMORY OF
WILLIAM C. GEAKE
BY
THE COMMON COUNCIL OF THE CITY OF
FORT WAYNE, INDIANA

William C. Geake died in the fortieth year after his election as Mayor of the City of Fort Wayne.

Few men survive by so long their service in such an office. It is therefore particularly fitting that the Common Council on the occasion of his death call to mind the City as it was in those days and some of the events of his administration.

His official family was headed by Angus McCoy as Controller, who thereafter served for a generation as satchdog over the taxpayers' money.

One of the first acts of his administration was the appointment of Fort Wayne's first City Plan Commission, with Robert Hanna, father of planning in this area, as its consultant. Under the non-partisan presidency of Fred B. Shoaff, this Commission presented to the City its first zoning ordinances soon after the constitutionality of such legislation was sustained in the United States Supreme Court.

During the first year of his administration, Fort Wayne received its first comprehensive Building Code, which fills 180 pages of the Proceedings of the Common Council and has renamed our basic Building Code until the present time.

The Geake administration was marked throughout by an aggressive annexation program which carried the city boundaries very nearly to the point where they remained until a short time ago.

It was during his administration that Colonel D. N. Foster was appointed to and became president of the Park Board, which he led with distinction for so many years afterward.

It was during his administration also that a bond issue for the construction of a sewage disposal plant was defeated, thus frustrating for a while his efforts to stop the pouring of sewage into our rivers. This was one of the few major defeats of his administration.

But another bond issue was approved to bring his administration to a successful close, the issue to complete the municipal airport, now called Smith Field, so that it could receive federal approval for commercial flights. This was after Mayor Geake appointed the City's first Board of Aviation Commissioners under the presidency of Arthur Hall, founder and president of Lincoln Life Insurance Company.

Thus, he demonstrated more than a generation ago his capacity, not only to serve the City himself (at a salary of \$5,000.00) but also to gain for the City the services of men who were truly giants of a period of which he was one of the few survivors.

THEREFORE, BE IT RESOLVED by the Common Council of the City of Fort Wayne that we remember with deep and lasting appreciation the services of William C. Geake as Mayor of this City; and that this resolution be duly preserved for those who follow us in the Proceedings of the Common Council; and that copies of this resolution be sent to members of his family.

WHEREAS, the Fort Wayne Redevelopment Commission has made investigations, studies and surveys of various blighted, deteriorated and deteriorating areas within the City of Fort Wayne, Indiana and of the causes contributing to the blighting and deterioration of such areas; and

WHEREAS, such investigations, studies and surveys have been made in cooperation with the various departments and bodies of said City and have been directed toward determining the proper use of land and improvements thereon so as to best serve the interests of the City and its inhabitants, both from the standpoint of human needs and economic values, and as a result of such investigations, studies and surveys the Commission has found that the area hereinafter described has become blighted, deteriorated and deteriorating to such an extent that such conditions cannot be corrected by regulatory processes or by the ordinary operations of private enterprise, without resort to the provisions of the Redevelopment of Cities and Towns Act of 1953 (Chapter 176 of the Acts of 1953 of the General Assembly of the State of Indiana, as Amended and Supplemented) and that the public health and welfare would be benefited by the acquisition and urban renewal of such area under the provisions of said Act; and

WHEREAS, the Commission now further finds that the area hereinafter described, because of the lack of development, cessation of growth, deterioration of improvements and character of occupancy, age and obsolescence, substandard character of the buildings and other factors which have impaired values and prevented a normal development of the land included in said area or the use thereof, has become under current conditions undesirable for or impossible of normal development and occupancy; and

WHEREAS, the Commission now further finds (a) that the hereinafter described area within said City has become and now is blighted, deteriorated and deteriorating to such an extent within the meaning of the Redevelopment of Cities and Towns Act of 1953 (Chapter 176 of the Acts of 1953 of the General Assembly of the State of Indiana, as Amended and Supplemented) that such conditions cannot be corrected by regulatory processes or by the ordinary operations of private enterprise without resort to the provisions of said Act; (b) the public health and welfare would be benefited by the acquisition and urban renewal of said area under the provisions of said Act; (c) said hereinafter described blighted, deteriorated and deteriorating area constitutes a menace to the social and the economic interests of the City of Fort Wayne and its inhabitants; (d) the acquisition and urban renewal of such area in accordance with plans outlined by the Commission will be of public utility and benefit to the City of Fort Wayne and its inhabitants; and

WHEREAS, the Commission has heretofore caused to be prepared maps and plats showing the boundaries of the hereinafter described blighted, deteriorated and deteriorating area, the location of the various parcels of property, streets, alleys and other features affecting the acquisition, clearance, replanning, rezoning or urban renewal of such area, indicating any parcels of property to be excluded from the acquisition and the portions of the area acquired which are to be devoted to streets, alleys, sewerage, playground and other public purposes under the urban renewal plan; also a list of the owners of the various parcels of property proposed to be acquired, all of which appropriately identified by numbers were filed on this date with the Commission; and

WHEREAS, the Commission has caused a separate appraisal to be made by three independent appraisers of the fair value of each of the parcels of property to be acquired, which appraisals were heretofore filed with the Commission, and the Commission now finds that the estimated cost of acquiring the property in the blighted, deteriorated and deteriorating area hereinafter described, determined by taking the average of the three appraisals, is One Hundred Sixty-Seven Thousand Five Hundred Thirty-Eight (\$167,538) Dollars.

NOW THEREFORE, BE IT RESOLVED by the Fort Wayne Redevelopment Commission that it hereby makes the findings of fact hereinbefore set forth and that the following described area in the City of Fort Wayne, Indiana is found and declared to be blighted, deteriorated and deteriorating within the meaning of the Redevelopment of Cities and Towns Act of 1953 (Chapter 176 of the Acts of 1953 of the General Assembly of the State of Indiana, as Amended and Supplemented) and which area is bounded and described as follows:

SECTION 3. As soon as may be done after the passage of this Ordinance, the City Clerk shall give notice of the filing of the petition for and determination to issue bonds. Said notice shall be published once each week for two weeks in the Journal-Gazette and News-Sentinel, the same being newspapers published in the City of Fort Wayne and representing the two leading political parties, and said notice shall also be posted in three public places in the City, as provided by Sec. 7 of Chapter 119 of the Acts of 1937 as amended (Burns, Sec. 64-1910, and Section 201 of Chapter 59 of the Acts of 1919 as amended (Burns, Sec. 64-1915)).

Said bonds shall not be advertised for sale prior to the expiration of the period during which taxpayers may file remonstrances or objecting petitions to the issuance of said bonds. In the event a remonstrance shall be filed by the owners of taxable real estate under the provisions of Section 7 of Chapter 119 of the Acts of 1937 as amended (Burns, Sec. 64-1910), then no further steps towards the issuance of said bonds shall be taken unless and until the Common Council shall have determined that such remonstrance is insufficient. In the event an objecting petition or petitions are filed by taxpayers under the provisions of Section 201 of Chapter 59 of the Acts of 1919 as amended (Burns, Sec. 64-1915), then no further steps towards the issuance of said bonds shall be taken unless and until the State Board of Tax Commissioners shall issue its order approving the issuance of said bonds. In the event it shall be determined by the State Board of Tax Commissioners, or otherwise, that the whole amount of the bonds herein authorized, shall not be issued, then the City Controller shall be authorized to advertise and sell a lesser amount of bonds, and the bonds not issued and sold shall be the bonds of the longest maturity or maturities, or a substantially proportionate amount of the maturities, hereinabove set out.

SECTION 4. Prior to the sale of said bonds, the City Controller shall cause to be published a notice of such sale once each week for two weeks in the Journal-Gazette and News-Sentinel, and one time in the Indianapolis Commercial. Such other publication of said notice may be made as the Controller may deem advisable. The date fixed for the sale shall not be earlier than seven (7) days after the last of said publications. Said bond sale notice shall state the time and place of sale, the purpose for which the bonds are being issued, the total amount thereof, the maximum rate of interest thereon, the maturity schedule, the terms and conditions on which bids will be received and sale made, and such other information as the City Controller shall deem necessary.

All bids for said bonds shall be sealed and shall be presented to the City Controller at his office, and said Controller shall continue to receive all bids offered until the time designated on the day fixed in the bond sale notice, at which time and place he shall open and consider said bids. Bidders for said bonds shall be required to name the rate or rates of interest which the bonds are to bear, not exceed four per cent (4%) per annum, and such interest rates shall be in multiples of one-eighth (1/8) of one per cent (1%) and not more than three different interest rates shall be named by each bidder, all bonds maturing on the same date shall bear the same single rate of interest. The Controller shall award the bonds to the highest qualified bidder. The highest bidder shall be the one who offers the lowest net interest cost to the City to be determined by computing the total interest on all of the bonds to their maturities and deducting therefrom the premium bid, if any. No bid for less than the par value of said bonds, including the accrued interest at the rate or rates named to the date of delivery, shall be considered. The Controller shall have the full right to reject any and all bids. In the event no acceptable bid is received at the time fixed in said notice for the sale of said bonds, the Controller shall be authorized to continue to receive bids from day to day thereafter for a period of not to exceed thirty (3) days, without readvertisement, but during such continuation no bid shall be accepted which is lower than the highest bid received at the time fixed for such sale in the bond sale notice.

Prior to the delivery of said bonds the City Controller shall be authorized to obtain a legal opinion as to the validity of said bonds from Ice, Miller, Donadio & Ryan, bond counsel of Indianapolis, and to furnish such opinion to the purchaser of said bonds. The cost of said opinion shall be considered a part of said project, and shall be paid out of the proceeds of said bonds.

SECTION 5. The City Controller is hereby authorized and directed to have said bonds and coupons prepared, and the Mayor, City Controller and City Clerk are hereby authorized and directed to execute said bonds and the interest coupons to be attached thereto in the form and manner herein provided. After said bonds shall have been properly executed, the City Controller shall deliver the same to the City Treasurer, and shall take his receipt therefor, and upon the consummation of the sale of said bonds, the City Controller shall then certify to the Treasurer the amount which the purchaser is to pay for the same; thereupon, said Treasurer shall be authorized to receive from the purchaser the amount so certified by the Controller and to deliver the bonds to such purchaser.
